

Core Stories

In Nursery we wish to develop a love of stories. One way in which we do this is by sharing a set of 'core stories' over and over again throughout the year. By repeating these stories again and again, the children become familiar with the rhythm of the story and begin to 'read' them by themselves! We still share many other wonderful books but these particular books are revisited often.

"Read together every day and give your child a lifelong love of books and reading." Booktrust.org.uk
