Dear Parents / Carers

RE: CGP Books

We have recently purchased a set of books for each child in school. Your child will bring these books home next week.

For children in Y2 – Y6 there are a total of 5 books – these include 3 different Maths books, a book to support grammar, punctuation and spelling and reading comprehension book. Children in YR and Y1 will receive 2 books. For YR these books are a handwriting and a phonics book and for Y1 they are a Maths book and a reading comprehension book.

We would like to stress that there is no expectation for children to complete work from these books at this stage. Over the coming weeks and months teachers may set tasks from these books for children to complete as homework or may use to support them in the event of individuals needing to isolate or for a bubble closure.

The work that is set on Teams for pupils that are needing to isolate or because of a bubble closure is by far the best way for children to continue their learning and not fall behind their peers as daily lessons will be set that are relevant to the work provided in school. These books are not a substitute for this home learning but are provided to support home learning and children catching up with areas of learning that they have missed due to the school closures in March.

The DfE have recently provided us with a very limited number of iPads that we will be able to loan to families who need to self-isolate / learn from home because of a bubble closure so please do let us know if this is the case for your child and we will endeavour to provide you with a suitable device if we are able to do so. Please do remember that Teams does not require a tablet or laptop but can be accessed through an app on your mobile phone if necessary.

Kind regards

Laura Buckley
